In Specie Transfer Unrealised CGT Parcel Information

• IOOF Pursuit Select Investment Service

Please use this form if you want to transfer investments directly into your IOOF Pursuit Select Investment Service account.

This form is used to provide the Service Operator with details of the current tax parcel information for each investment you transfer into the Investment Service. The Service Operator will use information supplied to establish the cost base of the investments in our registry. The cost base will then be managed by the Service Operator and used to report on tax events which arise through asset sales, corporate actions and dividend/distribution payments in respect of the investments transferred.

Important note: You must supply the unrealised CGT position of each parcel held.

This should not simply be a transaction history as this will not reflect any historical tax events effecting the parcels such as payment of tax deferred income, corporate actions etc. Where your investments are held in an investment platform elsewhere, the platform will usually be able to supply the required information to you.

You should consult your financial adviser or tax accountant for further clarification.

It is your responsibility to ensure the information supplied to the Service Operator is correct and in the prescribed format. If you do not supply these details, or they are not supplied in the prescribed format, your transfer may not be processed.

Alternatively, you can download the In Specie Transfer Unrealised CGT Parcel Information spreadsheet (Excel file) available on our website (www.ioof.com.au), complete and email to clientfirst@ioof.com.au

Please note we will not upload the data you provide in this spreadsheet without receipt of your signed declaration on this form.

Please complete these instructions in BLACK INK using CAPITAL LETTERS and ✓ boxes where provided. Any personal information provided in this form will be handled in accordance with the service operator's privacy policy, available at www.ioof.com.au/privacy.
